

HOME VISITATION COORDINATED REFERRAL SYSTEM

December 10, 2015

WHAT IS PARENT PARTNERS PLUS?

- Parents Partners Plus (PPP) is an alliance of home visitation programs serving families prenatally through age 5.
- PPP works throughout Maricopa County.
- PPP is a central intake for our alliance member home visitation programs.

WHAT IS HOME VISITATION?

- Home visitors partner with families to support them in their child's growth and development. Services offered can include:
 - Developmental assessments
 - Age-appropriate activities
 - Goal setting
 - Community resource and referral
 - Parenting guidance

OUR PARTNER PROGRAMS

- Early Head Start
- Fussy Baby
- Healthy Families
- Health Start
- South Phoenix Healthy Start
- Newborn Intensive Care Program
- Nurse-Family Partnership
- Parents as Teachers
- The Wonder Years

PARTNER AGENCIES

- Arizona Partnership for Children
- Catholic Charities
- Chicanos Por La Causa
- Child Crisis Arizona
- Child and Family Resources, Inc.
- City of Phoenix
- CPLC Parenting Arizona
- La Frontera, AZ EMPACT-SPC
- Maricopa County Department of Public Health
- Native Health
- Southwest Behavioral and Health Services
- Southwest Human Development
- Tempe Community Action Agency

WHY A CENTRALIZED INTAKE?

- Navigating social services can be confusing for social service providers looking for resources for families with young children.
- PPP takes the burden off social service providers and allows them to refer families to one place for home visitation services and family support resources.

HOW WE WORK

- Each family referred to PPP receives a phone call within 48 hours.
- A trained Community Development Specialist discusses the parent's goals and concerns.
- Families are referred to the most appropriate home visitation program or other community resource as needed.

FLYERS

*The first years of
your child's life
are important for
future success*

**Free In-Home Visitation Programs for Expecting
Parents or Families with a Child Age 5 and Under**

- Support for a healthy pregnancy and a healthy baby
- Age-appropriate activities to prepare your child to succeed in school
- Child development assessments, information and parenting guidance
- Community resource and referrals

A FEW THINGS TO KEEP IN MIND WHEN REFERRING FAMILIES

- PPP operates as neutral and unbiased. This means we refer based on program eligibility and the needs of the family. We do not give preference to any specific agency or program.
- All PPP programs are free and voluntary. There is no cost to participate and families are not pressured to enroll.

Parent Partners Plus
